

Updates and Upgrades on Diro Pro

How do I update my data?

There is a End Of Day(EOD) update daily, the software will automatically prompt you when starting up, for the first time in the day, whether you want to download the EOD update. If you want to do the update manually, you can go to the tools tab and click on EOD Data.

How do I upgrade?

When there is a new version available for download, the software will prompt you when starting up in the bottom right hand side of your screen. If there is a new version available and you want to download it, go to the Tools tab at the top of the window, and then click on Check for Upgrade.
